EDUCATION

Bachelor of Technology - Computer Science and Engineering Indira Gandhi Delhi Technical University for Women, Delhi	Aug 2024 – May 2028 CGPA: 8.24
Class 12th (Senior Secondary) New Delhi Convent Senior Secondary School, Delhi	Apr 2023 – May 2024 88.4%
Class 10th (Secondary) Veda Vyasa DAV Public School, Delhi	Apr 2021 – May 2022 95.8%

EXPERIENCE

Airports Authority of India AI & ML Intern	Jun 2026 – Present
- Engineered AAI Circulars Hub, a RAG-based Knowledge Retrieval system, to parse and index critical aviation documents, boosting information access efficiency by 30%. - Leveraged NLP, vector embeddings, and Semantic Search to achieve 85% retrieval accuracy and successfully mitigate LLM hallucinations.	

PROJECTS

CardioPredict Python, NumPy, Pandas, Sklearn, XGBoost, SHAP	Apr 2026 – May 2026
- Developed and benchmarked 7 predictive models for cardiovascular disease detection, achieving 99.5% accuracy, zero false negatives, and 99.94% ROC-AUC using XGBoost. - Integrated SHAP Explainable AI to deliver global and patient-level explanations across 14 clinical attributes, enabling interpretable risk assessment and enhancing model transparency. - Co-authored a conference paper on cardiovascular disease prediction, detailing XGBoost-based quantitative predictive modeling and SHAP explainability for interpretable clinical risk assessment.	
Fake News Detector Python, Pandas, Sklearn, NLTK	Jan 2026 – Feb 2026
- Engineered a Logistic Regression model on 20,800 news articles, achieving 98.6% training accuracy and 97.9% test accuracy using TF-IDF vectorization. - Extracted 17,128 unique features from text data following preprocessing with stemming and stopword removal techniques, increasing model efficiency by eliminating irrelevant word variations and retaining root terms.	

TECHNICAL SKILLS

- Programming Language:** C++
- Data Visualization:** Matplotlib, Seaborn
- Machine Learning:** Python, Pandas, NumPy, Sklearn, Supervised/Unsupervised Learning
- Generative AI:** LangChain, RAG
- CS Fundamentals:** Data Structures and Algorithms, DBMS, OOPs, OS, Computer Networks

ACHIEVEMENTS

- Winner, DevXPo Hackathon (NSUT):** Secured 1st place among 2,000+ participants while leading a 4-member team.
- Goldman Sachs India Hackathon (GSIH) 2026:** Achieved rank of 3,801 out of over 16,000 participants (top ~24%) in the coding challenge.
- The Google Big Code Challenge 2026:** Attained a global rank of 15,000 among 100,000+ participants globally in the competitive coding assessment.
- Top 30, BizTech Ideathon:** Ranked among 400+ teams with a sustainability-focused solution.
- Finalist, Triwizardathon Hackathon:** Selected from 1,500+ participants and presented final solution at Microsoft.
- Programming Proficiency:** Solved 250+ problems on coding platforms and achieved a contest rating of 1549, with a focus on time complexity reduction and edge-case optimization.

ROLES AND RESPONSIBILITIES

PR Head Coordinator Aarohan	Jan 2025 – Feb 2025
Spearheaded PR and outreach for the college Literary Fest, driving 300+ attendees and establishing partnerships with 10+ potential sponsors.
